REQUIREMENTS FOR ACCREDITED BREEDING STOCK

BROODMARE – A mare must be registered with the AQHA or the Jockey Club, and complete accreditation with the TQHA as Breeding Stock.

All foals of an ATB broodmare that are foaled in Texas are eligible to be accredited as ATB horses provided the mare is bred to an ATB stallion at least every other breeding. TQHA may require breeders to submit, to TQHA, a Breeders' Report for ATB broodmares bred to verify eligibility for accreditation.

STALLION – A sire must be permanently domiciled in Texas, registered with the AQHA or Jockey Club, and complete accreditation with the TQHA as breeding stock.

A stallion must stand the entire breeding season in Texas. A stallion may leave the state for racing or medical purposes as long as he returns to Texas each year before January 1. A stallion may not be accredited for a particular foal unless all foals conceived in that year, other than foals conceived by a shipped semen process, were conceived in Texas.
